## **Fun & Functional Pour Spouts Introduced**

*Jokari's New Plastic Click Spouts Bring Color to Kitchen*

**CARROLLTON, TX — July 1, 2009** — Jokari introduces the colorful and functional Plastic Click Spout. The Plastic Click Spout by Jokari features a clever built-in stop that allows the spout to stay open while pouring. The spout *clicks* open to pour and then *clicks* shut to insure freshness and prevent drips and spills.

The Jokari Plastic Click Spout comes in three vibrant colors; tangerine, lime and grape and the airtight seal fits most bottle sizes. An air hole in the spout provides the best possible flow of contents without bubbling. Use for lotions, soaps, liquors, oils and more.

Founded in 1974, Jokari/US, Inc is the leader in creating innovative products for the home and beyond. The company offers a wide range of mostly patented products designed to simplify everyday tasks, create storage solutions and extend the life of common household products such as; carbonated beverages, wine, and more.
